

Disease

LARS1 associated Infantile liver failure syndrome 1^{1, 2}

Gene

LARS1

Inheritance	AR
Current Treatments	leucine supplementation and protein fortification (2.5mg/kg/day, during illness 3.5 g/kg/day)
Evidence for Treatment	expert opinion
Non-Molecular Testing Availability	no
Experimental / Investigational Therapies	https://clinicaltrials.gov/ct2/results?cond=lars1&term=&cntry=&state=&city=&dist=
