

Disease

Mitochondrial complex I deficiency nuclear type 20^{1, 2}

Gene

ACAD9

Inheritance	AR
Current Treatments	riboflavin, sodium pyruvate, beta-blocker, coenzyme Q10
Evidence for Treatment	expert opinion
Non-Molecular Testing Availability	no
Experimental / Investigational Therapies	https://clinicaltrials.gov/ct2/results?cond=ACAD9+Deficiency&term=&cntry=&state=&city=&dist=
